REMARKS

5 This paper has been amended by reason of the Notice of Non-Compliant Amendment under 37 CFR 1.121. Specifically, the area of the Amendments made to the Specification beginning on page 3 and the Amendments to the Claims reflected in the Listing of Claims beginning on page 5 have been amended. Otherwise, this paper remains identical to the paper dated and filed June 8, 2004.

10 Claims 1, 18, 19 and 26 have been amended in accordance with the Examiner's suggestions made in the action of December 8, 2003. The specification has been amended to provide statements of the invention in accordance with the independent ones of the claims submitted in today's paper. Claims 1-7, 18-21 and 26 remain in this application and stand for examination. Reconsideration and
15 reexamination are requested in view of the foregoing amendments and the comments made hereinafter.

Rejection of claim 18-21 for indefiniteness

20 The Examiner rejects claims 18-21 under 35 U.S.C. 112, first paragraph, as containing new matter.

Applicant has adopted the Examiner's suggestion as to proposed amended wording in claims 18 and 19 and reconsideration is requested in view of today's amendments to those claims.

25 Rejection of claims 1-7, 18-21 and 26 for indefiniteness

The Examiner rejects claims 1-7, 18-21 and 26 under 35 U.S.C. 112, second paragraph, as being indefinite.

30 The Examiner has suggested positively reciting the filtration system and the backwash inlet associated with the filtration system. Applicant has adopted this suggestion in today's amendments to claims 1, 18, 19 and 26 and

- 11 -

reconsideration is now requested in view of these amendments. Further, applicant notes the Examiner's further suggestions as to appropriate claim language defining the water apertures in claim 18 and, similarly, applicant has adopted those suggestions in today's paper.

Applicant appreciates the suggestions of the Examiner in moving this case forward to allowable form and in the event the Examiner has further suggestions, applicant invites the Examiner to contact the undersigned by telephone or by e-mail at the contacts indicated below in order to more quickly advance the application to allowance.

In view of the above, applicant submits that this case is now in condition for allowance. Reexamination and removal of the objections and rejections is requested and allowance of claims 1-7, 18-21 and 26 is respectfully solicited.

Respectfully submitted,

HAMBLEY, DAVID et al
